	Set timer for 1h, 2h, 4h or 8h
	Activate oscillation mode

WARRANTY

Under the Australian Consumer Law (ACL) or NZ Consumer Guarantees Act (CGA), you are entitled to a 12 month replacement or refund for product failure and compensation for any other reasonably foreseeable loss or damage.

Tradeware offers a 3 Year Warranty. The additional warranties, terms and conditions are outlined on the website www.dynabreeze.com.au under the Support tab. Under Support, you can also register your product upon purchase and enjoy the peace of mind of knowing your product is registered should anything happen. If the unit fails to operate efficiently, is broken or other problems arise, unplug and do not operate. Ask for advice by calling Tradeware. To claim, the fan should be returned to the place of purchase or via the website within the warranty period. Such claims must include:

- Details of the alleged defect or fault
- Evidence of the claim
- Proof of purchase documentation which clearly shows the date and place of purchase.

Please visit www.dynabreeze.com.au for more details

OPERATION CONDITIONS & SAFETY PRECAUTIONS

WARNING: When using electrical appliances, basic safety precautions should be followed to reduce the risk of fire, electric shock and injury to persons or property.

READ CAREFULLY AND KEEP FOR FUTURE REFERENCE

Read this manual thoroughly before first use, even if you are familiar with this type of product. The safety precautions enclosed herein reduce the risk of fire, electric shock and injury when correctly adhered to. Make sure you understand all instructions and warnings. Keep the manual in a safe place for future reference, along with any warranty information,

your purchase receipt and the original packaging. Always follow basic safety precautions and accident prevention measures when using an electrical appliance, including the following:

Safety (charging)

Voltage: Before connecting the fan to a power supply for charging, ensure that the electrical voltage and circuit frequency correspond to those indicated on the charger rating label.

No extension cord: Do not use a mains adaptor/battery charger with an extension cord; connect it directly to a power socket. Charging through an extension cord may cause voltage drops, unstable power supply, or overheating, which could affect the charging performance or potentially damage the battery or adapter.

Connection/disconnection: To connect a battery charger, plug in directly to the USB-C socket. To disconnect, grip the power plug firmly and remove it from the outlet, do not pull on the cord. Do not use or charge the product if you notice anything wrong with the battery.

Charging: When charging the appliance, place the fan:

- On a flat surface to avoid overturning
- Close to a power point so no one trips over the cord.
- Away from heated surfaces, such as a stove or heater surface.

Protect from moisture and shocks: To protect against electric shock, do not immerse the battery charger or its cord or plug in water. Ensure your hands are dry before use. Do not expose the battery to liquid or subject it to strong mechanical shocks.

Storage: Please remember to turn off the fan and fully recharge the fan before long-term storage. Prolonged storage of an empty battery may damage the battery.

USAGE CONDITIONS & RESTRICTIONS

Proper assembly: Only operate the fan fully assembled with all parts. Do not use the appliance without the protective grilles (rear and front guards) in place, as serious personal injury may result. Do not attempt to force the grille to stop or start the fan.

WARNING! DO NOT use the fan in the following areas:

- Near open flame, hot burner, oven or other high heat source.
- On a soft surface or where it may tip over during use.
- In areas where paint, petrol, etc. is stored and there is a risk of explosion or fire from flammable gases, or in areas where substances are being sprayed.

CAUTION! Personal safety: Avoid contact with moving parts. Never insert any objects through the grilles when the fan is running, as this may cause electric shock and/or a fire hazard. Keep hair and loose clothing well away from the fan when it is in use. Service: Do not attempt to open the fan. In case of malfunction, have the fan checked and repaired by qualified service personnel only. Do not disassemble or modify the appliance. Airflow: Ensure nothing is blocking the airflow outlet and air intake grilles. Misuse: We accept no liability for any damages or personal injury caused by misuse of the product and/or failure to follow these instructions.

IMPORTANT INFORMATION

1. This product uses lithium battery, no memory function, overcharge or over discharge will affect the service life of the product, please charge in time and disconnect the power after full charge.
2. When the fan is working, the blades rotate at a high speed. Do not put your fingers into the fan to avoid danger.
3. This product is not a children's toy, children under 10 years old, please use under the care of a guardian.
4. Please use the adapter that meets the national standards to power on, and the power is above 1A.
